

## National Validation Meeting

# Results of the 2<sup>nd</sup> Round Busan Monitoring Survey in Cambodia

## Development Effectiveness Commitments

KIM LUMANG BOPATA  
Policy Department  
CRDB/CDC

18 March 2016

# Single framework to Busan monitoring in Cambodia

Indicator		Country-level monitoring
1	Extent of use of country results frameworks by cooperation providers	✓
2	Enabling Environment Index for civil society	✓
3	Engagement and contribution of the private sector to development	✓
4	Information on development cooperation is publicly available	
5	Development cooperation is more predictable	✓
	(a) Annual: proportion of aid disbursed compared to scheduled (b) Medium-term: % of aid covered by indicative forward plans	
6	Aid is on budget	✓
7	Mutual accountability (joint assessments of progress)	✓
8	Gender equality (% of countries with systems that track allocations)	✓
9	Effective institutions	✓
	(a) Quality of developing country PFM systems (CPIA) (b) Use of country PFM and procurement systems	
10	Aid is untied	

# Process of the Monitoring Exercise

## Data validation & generation process

- Requested letters shared to all DPs to update ODA data
- Data extracted from the ODA Database following training in November 2015
- CRDB Outreach Support – working closely between CRDB and DP focal points

Descriptive indicators (1, 2, 3 & 8) shared and feed backed from ministries, private sector and NGOs

## Objectives of the P&H-TWG meeting:

- To validate and confirm the data
- Additional comments on results of the survey

# Summary Results of the 2<sup>nd</sup> Cambodia Busan Survey

	Total delivered USD (2015)	Government sector (2015)	Use of results frameworks	Annual predictability of disbursements <sup>4/</sup>		3-year forward plan	Use of country systems <sup>5/</sup>
